

Contact SWAMID

Contacts concerning the administrative and technical operation of SWAMID should primarily be addressed via email to operations@swamid.se. End users should contact their local support at their own organisation or the support for service they have problems with.

If an security incident occurred that affect the SWAMID infrastructure please notify SWAMID on operations@swamid.se immediately. For urgent ongoing security incidents please also contact [SUNET CERT](#). SWAMID will follow a predefined security protocol described in Swedish at the page "[Incidenthanteringen i SWAMID](#)".
